

INDUSTRY MEMORANDUM

Date : Wednesday, 17 August 2022
To : Dormitory Operators
From : Dormitory Association of Singapore Limited (DASL)
Subject : Shortage of Dormitory Bed Spaces

With the recent surge in demand for dormitory bed spaces, the Ministry of Manpower (MOM) has requested DASL to help facilitate and explore the possibilities of generating more available bed spaces.

We understand that most of the commercial dormitories are full. Hence, MOM has agreed to lift the limitation of two (2) employers per room to allow more flexibility for bed spaces allocation.

We seek the help of all dormitory operators to optimise your bed allocation to minimise unused bed spaces and allow the beds to be leased to employers who are urgently looking for places to house their workers.

Meanwhile, we will discuss with MOM to identify restrictions to be lifted to curb the issue of bed shortage.

Thank you for the efforts and feel free to contact DASL Secretariat at secretariat@dasl.com.sg if you have any queries.

Yours faithfully,

Secretary-General
Kelvin Low
