

INDUSTRY MEMORANDUM

Date : Tuesday, 6 December 2022
To : DASL Members
From : Dormitory Association of Singapore Limited (DASL)
Subject : Dormitory Bed Rental Price Adjustments

The Ministry of Manpower (MOM) has raised its concerns to DASL on the dormitory bed rental prices adjustments made recently by dormitory operators. We have also received similar feedback from other stakeholders such as ASMI, ASPRI and SCAL.

At DASL, we have emphasized to MOM as well as other stakeholders that DASL has never been in any position to discuss and/or influence market pricing mechanisms. We have also shared the possible contributing factors to the price adjustments, which resulted mainly from rising operational and other input costs affecting the commercial viability of dormitory operators.

We advise members to demonstrate empathy in your communications with your customers, and to inform them of any price adjustments in advance.

Please feel free to contact DASL Secretariat at secretariat@dasl.com.sg should you have any queries.

Thank you.

Yours faithfully,

Secretary-General
Kelvin Low
